

Available At:

2010 Chevy Camaro

Since its debut in 1967 the Camaro has been an American icon for performance enthusiasts. The relaunch of the much anticipated 2010 Camaro has performance craving enthusiasts everywhere waiting to squeeze every last drop of potential power out of this new vehicle and MBRP has just the answer. Our new performance exhaust system for the 2010 Camaro is nothing short of a masterpiece. Featuring hand crafted mandrel bent stainless tubing and some of the most free flowing mufflers ever built, this system was built to perform just as good as it looks. Available for both square and round factory tail pipe openings.
