

# NEW PRODUCT ANNOUNCEMENT

Rancho® is now accepting orders for the highly anticipated suspension system for the 2009 Ford F150.

(Shipping 7/31/2009)

Experience the Rancho® difference and uncompromising performance both on-road and off. Rancho® is dedicated to offering you the finest engineered and highest quality products at the most affordable price.

Available in black finish only

## FEATURES

### Fits 35-in. tires

**Will not affect the AdvanceTrac® with RSC® (Roll Stability Control) system**

One-piece reinforced subframe, made from high-strength, low-alloy steel

Allows for reuse of the stock 18-in. or 20-in. wheel

Maintains factory location of rack & pinion and uses OE tie rod ends

CNC machined extended steering knuckles

Aligns to OE specifications - all alignment hardware provided

Maintains proper CV and driveshaft angles - minimizing vibrations

Rear leaf spring blocks

CAD designed components ensure a precise fit

## BENEFITS

### Compatible with 18, 19 and 20-in. wheels

Functions like OE

Provides maximum structural integrity

Retain your stock spare

Maintains steering integrity and geometry

Does not increase track width and ensures proper steering geometry

Ensures handling, drivability and normal tire life

No drivetrain modifications required

Levels the rear height to front

Backed by the Rancho® Limited Lifetime Warranty
