2009-12 FORD F150 4WD

4" BASIC & PERFORMANCE SYSTEMS

OVERVIEW

Fabtech's new 4" F150 system utilizes their proven heavy duty construction and design features found in their 6" systems but with less lift and at a much lower price. This 4" Systems allows use of 35" tall tires and features high arched lower control arm crossmembers constructed of 1/4 " thick steel for maximum strength. The Fabtech ductile iron steering knuckles retain the stock track width keeping tires under the fender for a clean appearance. Rear lift is accomplished with a block and u-bolt.

Available in two different systems. The Basic System includes heavy duty front Coilover shocks for increased dampening capacity while retaining the factory coil springs and Fabtech's Performance rear shocks.

The Performance System features Dirt Logic 2.5 Coilover front shocks and Dirt Logic 2.25 rear shocks for aggressive offroad capabilities with a smooth highway ride.

The 4" System allows use of 33" or 35" tires and is ESC (Electronic Stability Control) and Traction Control compliant.

FEATURES AND BENEFITS

- High quality Fabtech construction with a low price
- 1/4 " thick steel lower control arm crossmembers and skid plate
- Allows use of 33" or 35" tires
- ESC and Traction Control Compliant
- Includes Eccentric Alignment Cams
- Basic System includes front & rear shocks
- Performance System includes Dirt Logic 2.5 Coilovers & Rear Dirt Logic 2.25 non resi shocks

INSTALLATION & TECH

- Estimated installation time - 3-4 hrs
- Amount of holes to drill for installation- 1
- Welding Required- NO
- Driveshaft Modification required- NO

TIRE AND WHEEL SIZE

Tire - 35/12.50R18	Wheel - 18x9 w/ 5" BS w/minor trimming
Tire - 295/70R18	Wheel - 18x9 w/ 5" BS w/minor trimming
Tire - 35/12.50R20	Wheel - 20x9 w/ 5" BS w/minor trimming
Tire - 295/60R20	Wheel - 20x9 w/ 5" BS w/minor trimming

FABTECH 2009-12 FORD F150 4WD

4" Basic System #K2183 (14)(20)

Qty	Part#	Description	UPC	Weight	Jobber	Jobber Ext
1	FTS22155	Component Box 1	674866036581	77.0	\$593.00	\$593.00
