

- ◆ Complete turnkey web sites
- ◆ Over 200 brands, over 1.5 million part numbers
- ◆ Expand your sales with any of the participating brands on the back cover

Promote your business online with a turnkey website

Have you ever asked yourself "how do I compete with the Internet?" Our new eStore Local is the perfect solution for independent stores that just need a website.

- ◆ Have a complete website for your own brick and mortar store. Stop customers from asking, "why don't you show your products on the Internet?"
- ◆ A cost-effective website, without extras you don't need, like a shopping cart or shipping calculations.
- ◆ You get a professionally-designed website without having to find your own web designer.

DCi's eStore Local

Turnkey website	YES
Customizable colors and images	YES
Number of pages included	8
Total brands included*	25
Link to Facebook and Twitter	YES

* Additional brands can be added at anytime.

Have a turnkey website starting at \$2,499

1

Step 1: See a live example at www.eStoreLocal.com.

2

Step 2: Decide which of our 200 brands to show on your website.

3

Step 3: Decide what you want your own store to look like...we'll help every step of the way!

- ◆ Complete turnkey web sites
- ◆ Over 200 brands, over 1.5 million part numbers
- ◆ Expand your sales with any of the participating brands on the back cover

It's now easier than you think:

Sell parts on the Internet

DCi has made it easier than ever for you to open your own online store. You don't have to hire teams of programmers or web designers, and you don't have to invest thousands of dollars in computers. We can create your web site with all product data you need in a complete, turnkey solution.

Online sales are growing every day. Last year retail sales over the Internet were up! More than \$1.2 billion in auto parts and accessories were sold over the Internet last year.
