Cortex

Jobber	\$409.70
MSRP	\$519.00

Superchips' focus on truck tuning is evident with the recently released tuning for the **2010 Nissan Titan, Frontier, Xterra, Pathfinder, Armada and Infiniti QX56**. Superchips delivers multiple dyno-proven power levels and a variety of user-tunable options.

- Greater increases in horsepower, torque & drivability
- Optimized towing power
- WOT restriction removal
- Spark Advance Set: -8 to 3 for 93 PERF; -2 to 0 all others
- Idle Adjust: 0 – 250 RPM
- Raise speed limiter
- Raise rev limiter
- Works with many aftermarket hard parts right out of the box
- Monitor & record driving & vehicle performance with data logging
- Real-time vehicle sensor display
- Read & Clear trouble codes
- 2-year powertrain warranty – **Cortex Only**
