

Sno-Pro Update Kit

Save \$51!

Curtis is pleased to offer this change-over update Kit. As customers are changing over from one truck to another this gives them a chance to update their wiring harness and headlights. These products have undergone extensive improvements over the past few seasons and this gives customers a chance to have the latest designs at a great price. This Kit includes our new Sno-Pro, dual beam halogen headlights and new relay truck and plow side harness.
