

2011 CHEVROLET/GMC 2500HD

The redesigned 2011 Chevy Silverado 2500HD is making a statement. At Skyjacker® we wanted that statement to be big and have designed the tallest kit offered on the market at 7". This dependable 7" suspension kit reinforces & strengthens the truck's capabilities while allowing you to clear 37" tires. Skyjacker's design complements the purpose of this truck and equips you with a true truck suspension capable to finish any job.

This new 2500HD 7" kit includes the great components you find from Skyjacker® like CNC machined steering knuckles, front and rear 1/4" steel crossmembers, differential drop brackets, differential skid plate, and raised front torsion bar relocation brackets.

Warping**

DEFG114SP

Skyjacker Suspensions is proud to announce our new DEF/Urea Tank Skid Plate product. This Skid Plate product is made for the 2011 Chevy 2500 HD. This new DEF/Urea Tank skid plate protects the DEF tank from debris on and off-road. It is made from laser cut P&O steel for ultimate protection.

The features of this new DEF skid plate are the laser cut heavy-duty P&O Steel, the black powder coat finish, and all the necessary mounting hardware. The benefits of investing in one of the DEF/Urea Tank Skid Plates is that it protects the DEF/Urea Tank. It also adds appearance & styling for vehicle along with easy installation. The other upside to the new skid plate is it does not have to be used with a lift kit. The DEF/Urea Tank Skid Plate can be used as added protection for stock or lifted vehicles.

'01-'10 CHEVROLET/GMC 2500HD

3" System For The '01-'06 Chevy / GMC 2500HD With the hard working construction foremen, farmers, ranchers, builders and hard playing sportsmen in mind, Skyjacker® has designed a dependable suspension that reinforces & strengthens this Big Rig's capabilities. Skyjacker's design will bring your daily driver to life and enable you to overcome the elements, conquer the obstacles of the terrain, finish the job and move on to the next project in true off-road style.

Options & Accessories

Skyjacker® Shock Options

Skyjacker® offers three different shock options for you to choose from. Choose your performance level: Hydro, Nitro or our M95 Monotube Series.

Steering Stabilizers

Skyjacker® offers Dual In-Line steering stabilizers for these models. Add these units to take control of the road... on and off the pavement.

'01-'10 CHEVROLET/GMC 2500HD

6" System For The '01- '10 Chevy / GMC 2500HD For the Heavy-duty hauler, Skyjacker has designed a dependable suspension that reinforces & strengthens this Big Rig's capabilities. Skyjacker's design complements the purpose of this work truck and equips you with a true truck suspension capable to finish the job.

Options & Accessories

Skyjacker® Shock Options

Skyjacker® offers three different shock options for you to choose from. Choose your performance level: Hydro, Nitro or our M95 Monotube Series.

Multiple Shock Kit

The Multi-Shock Kit features a tubular mounting design and installation requires no welding. This Class II option reduces body roll and improves handling.

Steering Stabilizers

Skyjacker® offers Dual In-Line steering stabilizers for these models. Add these units to take control of the road... on and off the pavement.
