The BRUTE™ "HC" Stake Bed Contractor Box is designed for the quality conscious professional contractor. Organization means profit and the stake bed contractor boxes keep tools and job site parts in within reach and sight. Everything has it's place which makes it easy to inventory commonly used fasteners, small components and reduces runs to the hardware supplier. Save fuel, time and money by seeing what you need for the job in plain view. The Contractor Box secures your important needs while leaving plenty of room on the flat bed to haul large equipment and supplies.
