WWW.MICKEYTHOMPSONTIRES.COM/METAL

Mickey Thompson is proud to introduce the Mickey Metal series. Now you can get Mickey Thompson wheels in steel! A more affordable option to aluminum, the Mickey Metal Series MT-28 and MT-88 wheels are built tough for off-roaders. Featuring a flat black powder coat finish, each wheel includes the Mickey Thompson "tattoo" stamped into the wheel face. Available in 15, 16, and 17-inch diameters for popular Jeeps, pickups, and 4x4's. The Mickey Metal series offers a special application for trailers and toy haulers, plus exclusive 17x9 fitments designed for late model trucks with larger brakes.

- Tough flat black powder coat finish
- Heavy duty steel construction
- Powder coated steel cap to resist corrosion
- M/T Metal Series lens clad logo
- Mickey "tattoo" stamped into the face of every wheel
- Trailer applications available†
- Available in 8-Hole (MT-28) or D-Window (MT-88) styles
- Lifetime limited warranty against structural defects
