Talk about the ultimate impulse buy. Display your choice of Bracketron cup holder mounts in this free cup holder console. Know what happens? They sell themselves faster than you can imagine, or restock.

## PhabGrip Cup Holder Mount™

BT1-657-2

Provides a stable, secure mounting solution for larger devices. Display includes mock-tablet promo card held in PhabGrip mount.

- Designed for most smartphones, tablets, and GPS devices, with or without a case
- Universal design safely allows you to mount devices up to 8.5" wide
- Fits most standard cup holders up to 3.75"
- 360° rotation allows portrait or landscape viewing

## TripGrip Cup Holder Mount™

BT1-661-2

Provides a stable, secure and easily accessible mounting solution for smartphones or other portable mobile devices.

- Fits most standard cup holders up to 3.75"
- Installs easily by turning the knob to expand or contract the base for a secure fit
- Easy one-button device release
- Folding support legs for added support when needed

## AutoGrip Cup Holder Mount™

BT1-992-2

The convenience of a large, robust phone mount that collapses into a sleek, low profile design when not in use.

- Low-profile, sleek automatic design
- Fits phones up to 3.75" wide
- Easy one-handed operation — no buttons to push or clamps to open
- Adjustable holder for custom viewing angles
- Adjustable base fits most standard cupholders

## Grip-iT Cup Holder Mount™

UCH-101-BL

Provides a stable, secure mounting solution for smartphones or other portable devices.

- Designed for most smartphones and GPS devices, with or without a case
- Securely holds devices up to 4.5" wide
- Fits most standard cup holders up to 3.75"
- 360° rotation allows portrait or landscape viewing
- Adjustable support arms and legs won't block device controls
