

Pypes Exhaust is Happy to Announce our Black Friday Holiday Rebate Sale.

This is a 100% factory rebate! That means the rebates are on us!

However, you'll only increase your sales if you participate and advertise the rebate.

Otherwise, your competition is likely to outperform you.

Here's how it works:

The list of products that are eligible for rebates, as well as the rebate dollar amount for each product is attached to this email.

Retail customer purchases made on selected products between November 27 – December 31 are eligible for the rebates.

The rebates can be offered to your customers in one of two ways:

1. Your customers may submit their information and proof of purchase by going to the Pypes Exhaust website for a rebate check from Pypes:

Click the banner on the home page of www.PypesExhaust.com or direct to <https://pypesexhaust.com/if-2930-rebate.html>

2. Want to offer an instant rebate at your checkout instead? To qualify for this option:

a) You must update your website with the rebate information.

b) Submit a report of completed sales orders showing the rebate amount being passed on to your customer during the time the rebate is in effect.

That's it! For option #2 Credit memo's will be issued in lieu of a check at the completion of the program.

TIP: For best results: Apply a simple rebate icon to each qualifying item

Please update the designated rebate items in your ads and on your website to reflect the rebates, and if possible, the rebate amounts.

If you have any questions, please contact Joe Gallen at 1-800-421-3890 ext 116.
